The Quilt Youth Transitional Development Services, Inc.

Mission

To educate and enhance the quality of life along with improve the health status of adolescents through opportunities and program development. It is also the mission to provide a supportive, therapeutic, and stimulating experience for youth who are in transition from adolescence to adulthood.

Vision

Our vision is to provide premiere alternative behavioral practices along with maximizing and utilizing adolescents to their full potential in overcoming the many obstacles and challenges that would impede productive living.

Values

To teach teenagers how to become self-sufficient and productive, as they weave through the many challenges of life. Our objective is to empower and increase awareness while providing quality of services and treatment, which will enhance dignity, humanity and self-worth. So that our future of tomorrow youth can maintain successful community living.

“Introducing a Non-Traditional Approach to Human Development”

Philosophy

Youth Development and Transitional Services

Assumes the position that all human beings have the innate ability to maximize and utilize their full potential in overcoming the many obstacles and challenges that could otherwise impede productive living. Individuals who are given the opportunity to learn and develop the skills necessary for successful living, are able to demonstrate higher levels of functioning within their own communities and natural environments.

The Quilt, recognizes the transition from adolescence to adulthood to be one of the most difficult developmental tasks for all persons. However, the burden of such tasks can become less challenging when provided with a safe, nurturing, and stimulating environment where individuals may receive maximum support in identifying, cultivating, and incorporating their natural strengths and abilities into daily living.

The following models will help enhance, empower and educate tomorrow's youth for today's Challenges:

- Risk reduction
- Sex Education
- Professional development
- Anger management
- Vocational rehabilitation
- Crisis intervention
- Dress for success
- Public speaking
- Job development
- Budgeting/Money management
- Nutrition
- Healthy habits
- Body image
- Interpersonal skills
- Coping skills
- Parenting skills
- Medication management
- Self-Esteem
- Interpersonal skills
- College preparation
- Substance Abuse
